

Recommended First Quarter Schedule

ENL 40, 41, 43, 44, or 45; or ENL 10A, B, or C*	4
ENL upper division course	4
Elective (upper or lower division)**	4
Total Units:	12

*Alternative Courses

*English Upper Division class may replace a lower division preparatory course IF all preparatory coursework for the Major has been met	4
**The elective would ideally be a course outside of the Major. Students do need extra upper division units, therefore you may or may not decide to take a lower division or upper division class because of this	4

First Quarter Schedule Notes:

- The Department encourages students to meet any preparatory subject matter coursework early on in their academic career here at UC Davis
- To confirm how transfer work for the Major articulates, please contact a Major Advisor through the above email addresses
- Those who are pursuing the Creative Writing emphasis are encouraged to take the prerequisite course (ENL 5F, 5NF, or 5P) if not already completed at a transfer institution and/or apply to an ENL 100 creative writing workshop their first quarter

Did you come under IGETC?

If so, please make sure you have your IGETC submitted to UC Davis (College of Letters & science Dean's Office Undergraduate Education Advising) and follow-up to make sure they received it.

IGETC certified students need to meet the following requirements beyond meeting Major requirements:

- Satisfy Upper Division Composition Requirement (Exam or completion of one course from UWP 101, or any of the 102's or 104's)
- Completion of 64 upper division units --- 44 upper division units come from completing the English Major
- Complete 180 units

Those not coming under IGETC from their transfer institution, or those who have questions about College & University requirements, should contact the L&S Undergraduate Education Advising office, 200 SS/Hum. Bldg.

Recommended First Year Goals

- Confirm with your Major Advisor about how any transfer coursework will apply to your major and/or degree requirements
- Explore coursework outside of the major – not only to allow for a more balanced quarterly schedule, but also because additional upper division units (and overall units) may be needed to complete degree requirements.
- Always read the Tuesday Mass emails from the Department for information on programs, internships, contests, and approaching deadline dates.
- Refer to English website for more detailed descriptions of ALL English courses:
